## SWEDEN AND RUSSIA RESUME SEA TRADE

STOCKHOLM, May 8.—Sea traffic between Sweden and Petrograd will be resumed at the end of May. A steamer which is now loading Swedish export articles will bring back a cargo of similar goods from Russia. Semi-weekly communication between Sweden and Finland is now in progress.

## SHIPBUILDERS ARE TO LEAVE OGDEN ON MAY 17

H. W. Beckett, Sr., employment examiner for the government and in charge of the local federal employment bureau, stated this morning that the next contingent of shipbuilders will go to the Pacific coast ship yards on May 17. The government is asking for more men for this branch of the government service. The order at present is to get moulders, core makers and machinists. All men skilled in these lines may register now. It is expected that an order for other trades will be received in a day or two. D. A. Flumy, immigration inspector with headquarters at Salt Lake, was in the city yesterday in conference with Mr. Beckett concerning the listing of men for shipbuilding.

## CUBA VOTES AID FOR ALLIED PEOPLES

HAVANA, Wednesday, May 8.—The house of representatives tonight approved a resolution appropriating \$600,000 for the alleviation of suffering among the peoples of the allied nations.

WHEN OXYGEN IS NEEDED  
When Lenin and Trotsky talk about something "imperiling the success of the revolution" then we drop limp and lifeless and ask for the immediate administration of oxygen.

## ROBBER IS CAUGHT AT MONTICELLO, NEV., BY OFFICERS

The police department was notified by the authorities of Monticello, Nev., that Adolph Garcia, a Mexican, who is wanted here for an alleged robbery of Frank Seerda, another Mexican, on Tuesday night, has been arrested at that place and is being held, pending instructions from the local police.

According to the report of the case made by the police department, Seerda made a complaint to the union depot authorities yesterday morning that Garcia had come to his bunk about midnight, flourished a big knife, seized Seerda by the throat, cut his clothes and robbed him of a sack that contained \$240.

Seerda is a section hand employed by the Ogden Union Railway & Depot company. He gave a good description of Garcia and the words were sent broadcast to outside points to be on the lookout for him.

An officer will be sent to bring Garcia back to face the charge of robbery. The message stated that part of the money had been recovered when Garcia was arrested.

## LINEMEN ARE FOUND GUILTY OF BEING INTOXICATED

F. E. Johnson, a lineman employed by the Utah Power & Light company, and his helper, G. W. Sutton, were found guilty of being drunk after a trial in the municipal court this morning, and were fined the sum of \$50 each.

When arraigned on the charge, both men claimed to be innocent, although the officers who arrested them found two bottles of whiskey in the bottom of the police automobile when they arrived at the station. Chauffeur Earl Wiggin stated on the witness stand that he had seen the men hide the whiskey under the carpet of the auto.

Chief of Police Browning testified that he had just arrived at the corner of Hudson avenue and Twenty-fifth street, about 6 o'clock last evening, when he noticed that the two men were evidently under the influence of liquor. He had an appointment at a store close by and instructed Chauffeur Wiggin to take the two men to jail. It was stated at the jail that Johnson fought against being searched and that three men were required to place him in a cell, although he did not seem to be much under the influence of liquor.

In spite of the testimony of the police officers, both men claimed that they were not drunk. Sutton admitted that he had been given a drink by some strange young man, but took only one. Johnson claimed that he had not taken even a taste of liquor.

After the sentence had been imposed, Johnson arose and said that he did not see why he should have such a fine as that placed against him or even why he was found guilty. Judge Barker answered that Mr. Johnson could appeal to the district court, if he believed he had been abused in the city court. "But I don't believe there is a jury in the United States that would not find you guilty on the evidence. Also you are fortunate that I did not fine you \$100 with the alternative of 60 days in jail, as I was minded to do," Johnson bowed his head and walked out toward the desk sergeant's office.

## SCHOOLS OF COUNTRY TO CLOSE FOR SPRING VACATION

The schools of Weber county will close for the spring vacation tomorrow. In all the buildings throughout the county there is much activity today in preparation for the closing. Books are being checked in, examinations finished and all of the incidentals attended to which usually characterize the last few days of the school year.

The commencement exercises for the graduates from the eighth grades of the county will be held a week from Saturday, in the Ogden Tabernacle. Special visitors and speakers will be present for this occasion and a program will be given by the graduating pupils, including music, dramatic reading and speaking.

## PRUSSIAN CHAMBER MAY BE DISSOLVED

AMSTERDAM, May 9.—Count von Hertling, the German imperial chancellor and Prussian premier, has decided to dissolve the Prussian chamber if the third reading of the franchise reform bill is rejected, the Cologne Gazette says.

## WORLD'S MARKETS

NEW YORK, May 9.—Irregular price changes prevailed at the opening of today's stock market, latest war bulletins causing moderate reactions in leading issues. Reading forfeited the greater part of a point with United States Steel, but these declines were more than offset by the further strength of Marine preferred, New Haven, Southern Railway, Bethlehem Steel, American Sugar and Pullman. Advances in those stocks ranged from 1 to 2 1/2 points. Liberty bonds were

## Chicago Quotations

CHICAGO, May 9.—Corn displayed a good deal of strength today, owing more or less to prospects of unseasonable cold. Frost tonight was predicted for Kansas and Nebraska and there was much resultant covering by shorts. Besides, assertions were current that receipts were likely to diminish in the near future. Opening prices, which varied from unchanged figures to 7/8c higher with May \$1.27 1/2 and July \$1.46 1/2 to \$1.46 3/4, were followed by moderate further gains. Gossip of an export demand gave oats an upward slant. Confirmation of such talk, however, was lacking.

After opening 3/4 to 1 1/4c higher with July 68 1/2 to 68c, prices hardened a little and then underwent some reaction. Provisions advanced with grain. Weakness in the hog values was ignored.

On the bulge provision offerings increased and a reaction ensued which carried values back to below yesterday's finish.

Corn offerings were light and in the late dealings no important reaction took place. It was said the expected low temperatures would retard planting, and in some districts would mean a halt. The close was nervous, at the same as 24 hours before to 1 1/4c higher, with May \$1.27 1/2 and July \$1.47 1/2 to \$1.47 3/4.

### CHICAGO MARKETS.
